

# QUEEN ASHLEY G. TOLEDO

BS Information Technology | UI/UX Designer
0928-302-3454 | queenntoledo@gmail.com

## SUMMARY

A fourth-year Information Technology student with a strong interest in UI/UX design and creating user-friendly digital experiences. Possesses foundational knowledge in programming, cybersecurity, and information security. Eager to apply technical and creative skills, gain industry experience, and contribute to innovative solutions through internship opportunities.

## PROJECTS

**Dental Clinic Patient Management Mobile Application**

• Collaborated with a team to develop a dental clinic mobile application using Android Studio, contributing to UI design, feature planning, and system testing.

**Vegetable Ordering System (UI/UX Designer)**

• Designed the user interface and user experience of a vegetable ordering system, focusing on usability, accessibility, and user-friendly navigation.

**Memory Card Game (Windows Forms Application)**

• Developed a desktop memory card game using C# and Windows Forms, implementing card-matching mechanics and object-oriented programming concepts.

**Web Development Projects**

• Created responsive web pages using HTML and CSS.
